

## Innovation Design

**Disadvantage of ordinary weigh bridge:** large in size; heavy self weight; inconvenient to move; only can be used in fixed area.

**Advantage of D strip:** composite weigh module; lightweight material; no-wired design; can be taken to anywhere you need.

## Demonstration

Put cartons or pallet on D1 strip — open its APP — get weight information on APP

## Application case

Common challenge in express logistic — dispute on billing

### Steps before billing:

- 1) collect the goods from customer, but can't finish billing process due to no proper weighing tool.
- 2) take goods to freight yard, and weigh on fixed weigh bridge, then send freight billing information to customer
- 3) customers usually double the accuracy of freight, because they haven't monitored the weighing process.

Good solution - portable D1 strip scale  
Use STRIP SCALE to finish weighing process to customer's face, and give freight bill immediately.  
No dispute, better customer experience.

## Strip Scale Specifications

Model	D1	D1-L	D2
<b>Parameter</b>			
Size	80cm*8cm*5.5cm	100cm*8cm*5.5cm	80cm*7cm*2.5cm
Weight	5kg	5.8kg	1.6kg
Material	Structural aluminum		
Built-in battery	3.7v 9000mAh	3.7v 9000mAh	3.7v 1500mAh
<b>Weighing</b>			
Capacity (single)	1-1500kg	1-1500kg	1-500kg
Composite deviation	1‰ <sup>①</sup>		
Maximum working time	100hours <sup>②</sup>	100hours <sup>②</sup>	48hours <sup>②</sup>
Charging time	6hours <sup>③</sup>	6hours <sup>③</sup>	2hours <sup>③</sup>
<b>Sensor</b>			
Material	Alloy Steel	Alloy Steel	Aluminum alloy
Quantity	2		
Working Temperature	-20°C—65°C		
<b>APP</b>			
System	Android 6.0 or more		
Connection	Bluetooth		
<b>Optional</b>			
Bluetooth printer	Thermal label printer		
Meter	PDA		

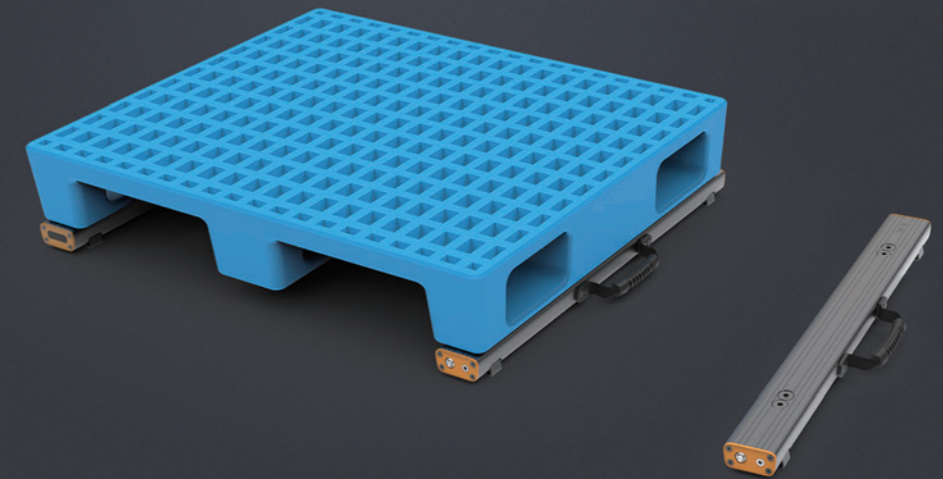

① The actual weighing accuracy may be affected by the ground conditions

② ③ This data is the theoretical calculation value, and the actual data may have deviation

## Application Scenarios

# STRIP SCALE

Portative Weighbridge

# STRIP SCALE

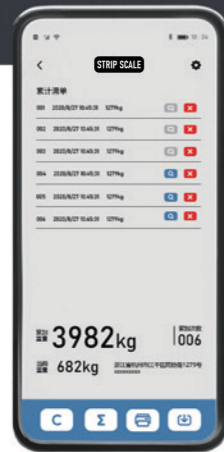

Portative Weighbridge

- Large Range
- Lightweight
- Small Size
- Strong
- Bluetooth
- APP**  
Easy To Use

## Matched APP EASY TO USE

- Zero-reset
- Print ( optional Bluetooth printer necessary)
- Weighing record search
- Unit change

(if you need more functions, please contact with us)

**D1**  
WEIGHT 5kg  
RANGE 1500kg

**D2**  
WEIGHT 1.6kg  
RANGE 500kg

All-aluminum Body \*

## STURDY AND DURABLE

\*The scale body is all-aluminum monocoque, excellent in strength .  
So it can promise the accuracy of weighing, even in bad working conditions.
